Jered McCullough

About

- in jeredmccullough
- ○ mathiasarmstrong

Skills

Expert

Git-Ops/IAC

`Git` `Docker` `CI/CD`

Frontend

`Webpack` `Pug/SASS/LESS`
`Node` `React` `Jquery`
`NextJS`

Advanced

Backend

`Rails` `Node` `Flask`

Experimenting

Cloud

`Docker` `AWS`

Languages

Expert ★★★★★

`HTML` `SASS/CSS`
`JavaScript` `Typescript`

Advanced ★★★★

`Ruby` `Python` `Bash/Shell`
`Node.js`
⚡ Summary

Jered McCullough is a seasoned software engineer with over 8 years of expertise in React, Typescript, Javascript, Ruby, and Python. His journey from Humboldt State University to international experiences in Ecuador and China has cultivated strong adaptability and cross-cultural communication skills. In roles at Upstart and Ampush, Jered has excelled in test-driven and agile development, mastering technologies like React, Typescript, Next.js, and more. Passionate about problem-solving, he brings a diverse skill set and a proven track record of contributing to innovative solutions.

💼 Experience

▲ Upstart | L4 Software Engineer   *2019 - 2023*

Upstart is a financial technology company that focuses on using artificial intelligence and machine learning to facilitate and streamline the lending process.
